## Tech Mastery: Hands-On & High-Impact

December Week 1 Recap

**Tech Walkthrough:** This foundational session saw our KW realtors immerse themselves in KW's core technology, ensuring a seamless onboarding for new realtors with a critical proficiency refresh across all tech tools.

**KW Contacts & SmartPlans:** The KW community actively mastered advanced database management. This hands-on training empowered realtors to streamline follow-up, automate client relationship systems, and build SmartPlans that guarantee no lead ever falls through the cracks.

**Tech Hours:** Our KW realtors took control of their business systems during this highly focused tech support hour. Bringing their toughest questions, they walked away with immediate, hands-on solutions, achieving true mastery of their KW technology in a personalised setting.
